Sitelist launches it's latest online directory. Directories are excellent link popularity builder and by far the easiest to manage. A quality "inbound" linke from a good directory carries more relevance and wight than scores of crosslinks or link exchanges from webistes that arent relevant to you product or service.

Build Direct Link Popularity for a limited time for FREE with Sitelist.

For the month of April listing you Site with Sitelist your listing is free in as many directories.

The sitelist directory is a fresh approach to online directories and is of special interest to site owners wishing to improve their searchengine ratings and attract more customers to their websites.
